A collaborative exposé and PSA created by Garrett's Meming Crew, the Shadow Rebellion, the UFMG's anti-cybercrime branch and Valerie Flowers' Discord server, with help from Sherman/svalxei/Glitchlov and support from CDM

Basic Information

Roszina Head is a 20-year-old female jack-of-all-trades based in Bristol, United Kingdom. She is known to be a super fan of *Iron Kid/Eon Kid* and *Kingdom Hearts*, but however, a lot of crazy shit has come out against her. The main purpose of this Google Doc is to expose all of Roszina's wrongdoings over the past couple years or so.

2017

The Secret Show era

During a brief period of time in 2017, Roszina was a big fan of a show that aired on BBC and Nicktoons Network titled *The Secret Show*. It's about the secret agents Anita Knight and Victor Volt who try to save the world from evildoers. Roszina would constantly spew out about this show, especially towards her then-BFF, Yuvi Rathour (YuviToons/Yuvi). During a brief period of time, she was in the process of creating a fan film based on the series. And a rumor was spread that she illegally stole the Flash assets, which Collingwood O'Hare NEVER made open-source (unlike, say, the BFDI assets) and created some questionable animations with them.

And prior to the outing of Dan P. Lyons and his crew of zoophilic fuckwads, she also requested DLE to do something with the illegally-obtained Flash assets, which can easily be found by searching “Roszina Head” on YouTube and scrolling down not too far.

Eventually, a user known to most as “MKTheInstrumentalist”, who had created a Secret Show archive, got involved, and needless to say, he was not very pleased.

Because of this, he reported Roszina’s actions to Collingwood O’Hare Entertainment, and not long after, Roszina’s father was hit with a cease and desist notice from the company, urging him to prevent the release of Roszina’s movie or else there would be legal consequences. Rumor has it that a policeman or 2 actually arrived at the Head residence to deliver the cease and desist notice.

A more notable thing that Roszina did with the archive was to send one of the crew-only songs that the BBC probably shouldn’t know about - a mashup of the TSS theme mixed with “We Sail the Ocean Blue” from the musical HMS Pinafore, created for Rob Rackstraw’s* birthday - to her local BBC radio station in an attempt to get it played on a playlist. It failed, which hopefully means it was ignored completely and not investigated any further.

*Rob Rackstraw is a voiceover artist on The Secret Show.

It was also around that same time Roszina illegally obtained the phone number of Kate Harbour (one of the voice actresses for the show). There is evidence to support this, which can be found at [this link](#). What’s interesting to note is that the call was made whilst Kate was having a family dinner, and then the call was uploaded without Kate even knowing it had been uploaded - which is literally breaking UK law. It is also believed that Tony Collingwood (one half of Collingwood O’Hare Entertainment) and Keith Wickham (another voice actor for the show) were called, but no proof of these calls have been found as of yet.

To those who don’t have time to listen to it, here’s a transcript of the Kate Harbour call.

Transcript

RH: Hey Kate.

KH: Hello?

RH: Yes, it is me, Roszina Head. Remember me from Twitter?

KH: Uh, yes, but how did you manage to get my home phone number?

TUAI and other stories

Since at least 2017, Roszina has been the owner of a multi-platform community called “Tell Us About It”, or TUAI for short. During her time as “AnitaKnightFan8”, Roszina was eventually discovered to have been defending child pornography/being a potential lolicon, and even gave out TMI about her masturbating in front of her parents when she was very little. Attached are the screenshots from these incidents.

Ladies and gentlemen of the jury,

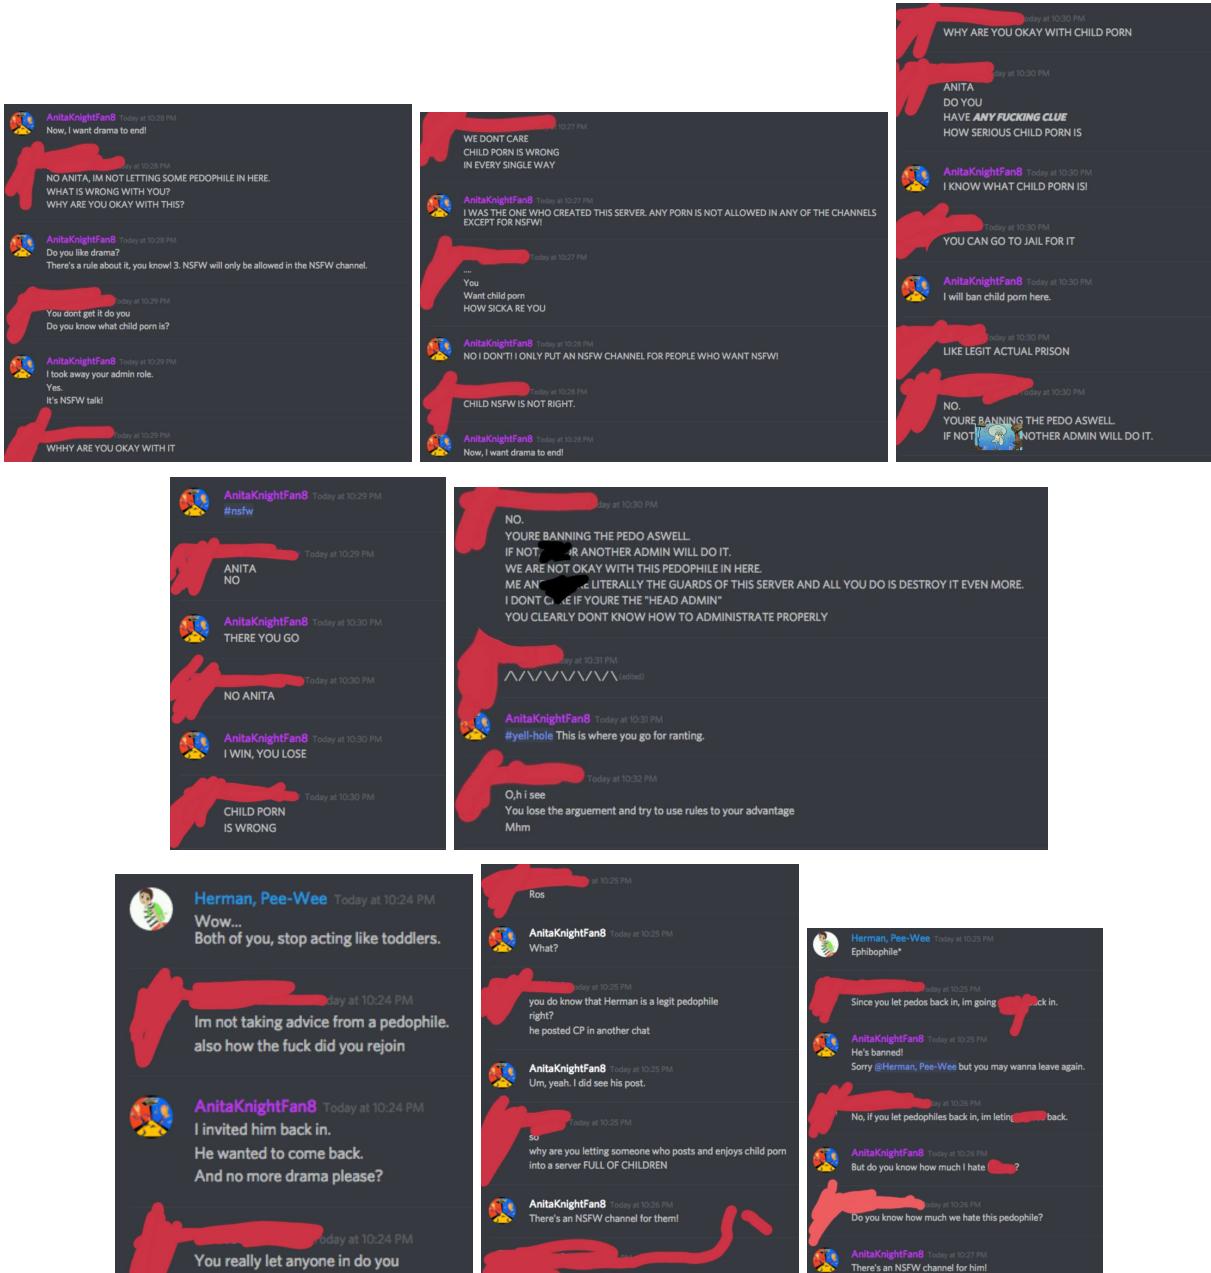

Exhibit A

What you see here is Roszina giving out WAY TOO MUCH INFORMATION about her masturbation from when she was little. Nobody needed to hear that, and we especially didn't need to hear HOW you do it. What you do in bed is your business and your business only. But this is much more tame and less severe in comparison to the shitshow that you're about to see.

The next pieces of evidence are on the next page.

Exhibit B

Due to how big these images are, the explanation behind them will be on the next page from this one.

As you can see here in Exhibit B, Roszina openly defended literal child pornography, when an online individual (then identified as “Herman, Pee Wee” on Discord) posted it in what we assume was the general chat. Herman was later justifiably banned by another server staff member, and Roszina got in a massive spengout with said staff member over the ban, and she was overly defensive about what was going on, even saying that she won and the other staff member lost. This is extremely fucked up and one of the many reasons why she cannot be trusted at all.

Oh, for fudge sake!

It is well known that Roszina Head has a fondness for clotted cream fudge (or just fudge in general)...a bit too fond. Some may even describe it as an erotic fetish.

One of the earliest known instances of this dates back to when MKTheInstrumentalist made a couple tweets implying references to his past experience with Roszina from 2017, going back to as early as 2020 for the tweets.

The problem is anything can be a fetish, and once you're aware of this you see it everywhere. I knew this girl who talked about fudge like.. all of the time. Literally, all the time. I guessed it was more than a 'like'. Turns out she did... unsavoury things with sweet confection.

she put up videos on facebook of herself eating fudge (in cosplay as Anita Knight from The Secret Show, I might add) and... going aheago, to put it one way.

she was also 16. police were called.

iirc the police went to her house at least twice and basically told her to kindly stfu and not post niche erotica for at least the next 4 years. didn't hear much after that but by coincidence she reappeared in a friend's discord sever last month and has not changed one bit.

Roszina, you are one sick ass motherfucker! What makes you think this shit was okay to do?! Even worse, you were still a fucking MINOR at the time!

What you see here is also one of her extremely forced habits on her social media. Attached on the next page are a few posts related to Roszina's unhealthy fudge fetish and how she keeps milking it to death.

Exhibit D

These are the only pieces we have been able to find so far before Roszina locked down her Twitter.

[1]: <https://www.deviantart.com/dreamylovesme88/art/Happy-National-Fudge-Day-from-Marty-882870838> (Mirror)

As you can see here, Roszina has combined her unhealthy simping for underaged characters (which we will elaborate more on in this article) with her arguably just as unhealthy fudge fetish.

This is a very common occurrence from her.

She has also made some pretty cringeworthy TikTok/YouTube Shorts videos having to do with this subject, one of which can be found at the video linked [here](#). Very recently Roszina privatized her YouTube channel and everything on it, but fortunately we were able to mirror it on a Pomf clone site before she took that video down.

Exhibit E

Well back in 2019, CLF was at odds with someone named Adan and they had both been taking jabs at each other over YouTube and sometimes Facebook. (I'm not sure who instigated it but that's irrelevant to the story) One day Adan created a knock-off version of Tell Us About It called "Tell Us About It: Deadpool Edition" (as Deadpool was his special interest). CLF was really mad about it and claimed that it was copyright infringement even though A, the name wasn't copyrighted, and B, it wasn't even her group to begin with; the original owner was ousted as a POS some time during 2018 and CLF became the new owner. (I THINK she actually took it upon herself to fill the group owner role, but again, irrelevant) (1 of 2)

So CLF joins the Deadpool group and makes a post demanding the group be deleted or she would report it to Facebook. She wound up getting into a pretty heated argument with some of the group's members and some pretty...colorful words were exchanged from both sides. I don't have any screenshots of this since I'm pretty sure the Deadpool group got deleted and her and Adan actually patched things up, but I remember seeing the drama through some screenshots CLF posted where she essentially bragged about how the Deadpool group was going to be reported and whatnot. (2 of 2)

What you see here is a plain-text 2-part explanation from one of Roszina's former friends, regarding her beef against physical media community member Adan Ramirez.

Granted, some of this stuff may be irrelevant by now, but it's still pretty helpful info. This was provided by Valerie Flowers in her Discord server, and she has stated that the source wants to remain anonymous.

Ok yeah, I cannot be silent about this anymore, I need to write about my experience about Roszina Head, if anyone has any plans of telling this to anyone, please keep all mentions of my name and identity out of it, I met Roszina online when I was 12, all I knew about her was she was a huge fan of The Secret Show, although according to her carrd she doesn't really want association from that time, so we'll FF to 2019 I'd say, I used to be a member of the TUAI, and idk, I guess for some reason me and Roszina would talk a little more than usual, she'd tell me about her weird habits, and how I like semi-related to them, however, I don't remember it all, but she would say some pretty questionable things to me, I don't think it was grooming or anything, but it was questionable at best, idk if she wanted to get closer to me or whatnot, but idk, it was a little weird, but then I got hired on her Iron Kid Fanfilm, I however have no idea what ever happened to it, but I was a voice actor in it, in the Summer of 2020, some shit about me from 2017 was brought up, despite that being from when I was 12, and I wanted no association with it, I got kicked out of the community, I was at least somewhat thankful they simply didn't want association with me and that they had no plans of publicly exposing me or anything, although what I did back then was wrong, I was only 12 at the time and didn't know it was wrong, however, Roszina then brought up my name, and username at the time, and began outright publicly slandering me, with the intention of making sure no one accepts me and I have no future, I became scared shittless for my life after this, I had my own friends go in and help back me up and try to get this shit properly resolved, however, all attempts failed, she just went all "Why do you care about him so much???", because of what she did to me, I had to close down my YouTube account and completely disassociate with my old Username from the time (1/?)

[Redacted] Yesterday at 11:45 AM
I was in a horrible state for months, cause I was so worried about what could possibly come to me in the future, my own friends were confused, I didn't want to tell them because I was too worried to, my Suicide Note from October 2020 completely left them devastated, but I feel bad because I couldn't tell them what actually happened to make me be this way, but they all helped me back up and throughout 2021, and more in 2022, I finally gained courage to be me again, upon Roszina trying to destroy my life, I also learned that she was pretty childish, and complained a lot about said childish things, but recently I've learned that she's a pedophile for Teen Boys, I don't know everything about the situation, but it made me remember the times we'd talk in DM's, and made me think if I could've been a victim or not, I don't really think I am though, I'm more of a victim when it comes to Roszina's attempts at taking my future away and preventing anything good from happening to me in the future, that's all I have to say, remember, if you must tell someone, do not mention my name or identity, I want to remain anonymous (2/2) (edited)

[Redacted] Today at 3:28 PM
During production of the Iron Kid Movie, Roszina was very pushy, she hired me as an animator and rigger despite me having no knowledge on how to animate at the time, I had plans on learning in 2020 but due to COVID my plan's couldn't be placed into action, with some yet to happen in 2023, after studying how producing an animated movie works, I believe Roszina did many things wrong and underestimated producing a movie (edited)

What you see here is an individual from Maestro Keegan's private Discord server (the individual has requested to have this screenshot be anonymized) explaining his experiences with Roszina Head. As you can probably tell, Roszina completely fucked this individual's mental health state up. It was later discovered that Roszina was openly talking shit about this individual behind their back, however the screenshots are lost as the individual had it on their now-closed down old Discord tag. This is by far the 2nd most disgusting thing she has ever fucking done. This likely isn't the only time Roszina has done this, as she's also done this to Maestro Keegan (unironically comparing him to the likes of Christine Weston Chandler, a literal motherfucker and actual lolcow, during the beef with his ex-gf and her friend group, which in the many months since then has been resolved) and Rebel Shadow (making fun of him, getting him wrongfully exiled from the communities, nearly driving him to suicide). It was also shown that Roszina had hired this individual for a position that he didn't know nearly ENOUGH about at the time, showing truly how inconsiderate this fucking moron really is.

Exhibit G

[Redacted] Today at 10:39 AM
This is a few days late, but better late than never ig
I remember one time, and correct me if I'm wrong, when Roszina threw a Caillou-esque tantrum (or simply mad, either way, she was pissed) over a Spongebob shitpost where Spongebob was about to swallow a bunch of random things, but Spongebob was replaced with Roszina and the random things were replaced with her hyperfixed interests, I don't remember much about what happened afterwards, but I do know she pulled a Caillou over that afterwards.
Glad she's getting the karma she deserves.
Just don't leak this out of #vent pls.

Another anonymous individual from Maestro Keegan's private Discord server has also explained their experiences with Roszina Head.

This is likely in reference to a meme Jax Hahn had made about her (Jax has his own serious problems, but that's a story for another time). The intentions were not to poke fun at her, but this just proves that she clearly cannot take a single joke, let alone any kind of constructive criticism.

Exhibit H

In more recent times, it was eventually discovered that not only does Roszina have an unhealthy fudge fetish, but also an unhealthy number fetish. The earliest instance of this was around the same time both the TMI masturbation and CP defending incidents happened. This bitch will literally fetishize ANYTHING that comes to mind! She made a very disturbing description of a number in this Discord message screenshot, and it made quite a few people uncomfortable with her. This discovery was also made by Valerie Flowers on her Discord server.

2018

Ros is booted out of the Secret Show fandom

In 2018, thanks to the efforts of an individual who shall not be named, the reputation of The Secret Show was saved when Ros was forced out of the fandom. Disguising themselves as a social worker, the individual was able to boot Ros out of a Discord server that was related to TSS.

This did cost the individual their friendship with Ros - but, now that they had found out how despicable a person she was, they did not care one little bit.

2019

Additional bullshitery

Roszina was also in development of an Iron Kid/Eon Kid fan film for quite some time. It has been in development since at least mid to late 2019. She keeps stating that it will come out, but it has been in development hell for a long time (just like Alex Mahan's Yandere Simulator, and for quite some time, Duke Nukem Forever).

Eventually the server was deleted due to raid attempts performed by another vigilante group called "Mates Studio Schmucks", as well as raid attempts by Rj Kumar/RjGunner111, who, funny enough, actually predicted Roszina's downfall.

A couple people have given their insights on the production and how it went. One individual (Isaiah Ortiz, known on Twitter as @BrownPUP_IIDX) said Roszina treated them incredibly badly during the production of the movie, while another individual (Jack Winter, commonly known as Tom Cat or Tom's Video Stash/TVS, one of the administrators for the UFMG's media production branch) had this to say:

Additional people involved in production includes Kylie M. (Commonly known as KyChan2K or just Ky), who has not spoken out yet about her experiences with the production as of the most recent revision of this document (and is likely too busy to do so), an anonymous individual from the UFMG who has requested to not be identified, who was originally gonna distribute this movie before completely forgetting about it and before all this drama happened, and Duncan Burden (@McNinja_2000 on Twitter), who was once an avid supporter of the project before people began to forget about it.

2020

Nasty Nazism

Back in 2020, I was on Tell Us About It. I was a victim of cyberbullying and grooming and I was using the yell-hole to vent to people about my experiences and shared clips of my cyberbully to her discord. She then muted me and then sent me to a docking chamber, where I was sent a NSFL video (maybe Funkytown, idk) and then she banned me saying I don't belong anywhere. I got banned from a dozen sites.

Then her friends started buddying up with Atomwaffen, which she and her friends aren't even legally allowed to interact with since they are a terrorist group in the UK, then made dozens of holocaust jokes.

She became friends with the cyberbully I was exposing. Later in 2020, before Duncan, she fapped to my nonconsensual selfies (my camera was hacked) and her pfp shows her desires to crossdress. She got me banned and accused me of ban evasion (which I didn't) but yet she was still horny for me, she sorta stopped bothering me sometime in 2022. But I was shocked.

This is where things get really interesting. What you've just seen are revelations from another anonymous individual, saying that Roszina Head and her gang of wankmuffins are neo-Nazi sympathizers and white nationalists, complete with cracking Holocaust jokes and everything.

It's also interesting to note that Ros is described as jacking off to the individual's nude selfies.

Admittedly, the camera had been hacked at the time, but still...WHAT. THE. FUCK.

(NOTE: Can somebody add more onto this?)

2021

Her relationship with Duncan

Around this time, Duncan Burden confessed that he had romantic feelings for Roszina Head on one of Ky's older Discord servers, and Roszina actually surprisingly accepted it (despite supposedly identifying as "asexual aromantic" or "ace/aro" at the time, eventually changed to "asexual" or "ace" after Duncan confessed, which we honestly believe is complete bullshit). For quite some time, Duncan was incredibly defensive with Roszina every time someone talked shit about her. This would eventually stop though.

2022

Duncan finally dumps Roszina

Duncan later realized after speaking with Roszina's dad that she cannot defend herself and that she is simply a lost cause at this point. Eventually, after weighing up the evidence, he later realized that Isaiah and Valerie were both telling the truth. And Duncan could not put up with Roszina's constant Caillou-style tantrums for much longer, so eventually he dumped her, blocked her everywhere else and began advocating for Roszina's deplatforming. More people jumped on the bandwagon too, and they too eventually realized Valerie wasn't full of shit after all (except me, as I knew the truth the whole time ~KS).

Not too long after Roszina got exposed and outed, Keegan would eventually establish peace with the CDM, after having already established peace with his ex-gf and her friend group in the months prior.

He then brought to the attention of XenoParadox (one of CDM's leads) some of Roszina's fucked up acts, and CDM started to arrange plans to bring justice for once and for all and to

bring Roszina down. Xeno has already dug up personal data on Roszina and it will help to get her ass thrown in jail hopefully.

Final messages from the crew behind this doc (and others too)

~ Maestro Keegan ~ (Lead)

Roszina, you are a COMPLETE WASTE OF FUCKING OXYGEN. How could you do this shit behind all our backs and betray us like this?! At first I thought the fudge stuff was weird and unnerving, but after realizing the shit you put Duncan through, THAT WAS WHERE I DREW THE FUCKING LINE.

And not to mention, you even set Valerie up for attempted wrongful vigilantism and wrongful defamation! Oh yeah, and we especially CANNOT forget the fact that you tried to defame Rebel Shadow over behaviors that he can't control, even going as far as to try and make people like Midori do something drastic about it! (BTW, if you're reading this Midori, I apologize for my previous actions towards you and I forgive you for what you have done to me previously.) So yeah, Roszina, the damage has already been done. Get the absolute FUCK off the internet and never come back, you piece of shit! We will NEVER EVER FORGIVE YOU, AND NONE OF OUR COMMUNITIES WANT YOU BACK EVER AGAIN!!!

FUCK YOU ROSZINA!

An anonymous participant

Ros, I didn't want to do this. I thought we were friends. But I can't be friends with someone who defends child pornography. Just...no. And I don't think the entirety of the internet can ever forgive your actions either. Hell, I've done some questionable shit in the past, but at least I owned up to my mistakes. But this? THIS? This has gone on long enough. No matter how much I tried to make it right, you kept backtracking and acting all innocent, when you're not. Shame on you.

Garrehandro

OK, Roszina. What the actual fuck is wrong with you? You seemed...OK at first (however politely I can put it), but THIS? That's just stooping too damn low, the fact that you attempted to defame Valerie was just the lowest of low.

And how you constantly say she was responsible for any minor inconvenience, it's like you're dragging others into your side (or however I can put it) with your petty and overinflated ego, and the whole fudge stuff... Yeahhh, YOU'RE DONE.

XenoParadox

I haven't heard much about this fucker but holy shit do she got some strange ass fetishes....

Duncan Burden

I'm gonna keep this short. The way you have behaved towards me and my friends is absolutely unacceptable. I felt like I was betrayed by someone I deeply cared for, dragging people into bullshit they weren't even a part of. Like I said before, you need some serious Therapeutic help, too bad your dad doesn't have the balls to hit that number.

Valerie Flowers

Roszina, you are one of the biggest sacks of shit I have ever met in the 18 years I've been on this planet. The amount of inexcusable shit you have done to not only me but LITERALLY everyone else you have met is astounding. Those thoughts you put in my head about "being too negative" and you asking me if I had a "love/hate relationship with you" made me miserable.

And the stuff you did to that 14 year old, even saying to their friends "why do you care about him so much" shows that there is no low you won't stoop to if it means you'll unleash your wrath on anyone who opposes you. Literally the only thing I feel sorry for you about was the OfficerAPC situation, but after that you went on to do your typical shit to literal children so I can't even FULLY empathize there. Roszina Heather Head, from the bottom of my heart, stay the fuck away from the internet, children, and for that matter anyone within a 1000 feet radius, everyone you've had any kind of friendship or relationship with has ended with trauma and misery at their expense.

Go fuck yourself.

The anonymous victim shown in Exhibit F

I said what I said in my screenshot, I always thought you were an asshole, you didn't see the consequences of your own actions when attempting to ruin my future, the only reason I didn't say anything back then was because no one would've taken me seriously, all the mental help I had to get in order to feel good about myself again, I'm 3 years younger than you yet you act like a total child, and a fool, I'm glad everyone finally stuck up to you, which gave me the courage to finally open up about what you did to me, I want you to keep everyones name out of your fucking mouth, and after hearing more about you, please stay away from all children, I hope you learn from this experience.

Crip Philipos (Philipos Zera)

Roszina, what the actual fuck is wrong with you? I NEVER knew you would go THIS far enough.

I thought you were a nice person but I was DEFINITELY wrong. I will NEVER forget that you betrayed me in January 2021 You got me fucked up during that time. I wish I never was friends with you EVER. Why the fuck are you even obsessed with Sora from Kingdom Hearts? You do

realize Sora is a teenager and YOU'RE LITERALLY AN ADULT. You need to get some help. You are fucking sick as FUCK for that shit you fucking groomer. Also, shut the fuck up with all that "fudge" fetish shit. Nobody cares about that dumbass shit. Who even cares about what you say about that fudge talk you do? NOBODY. To finish this off, you are a fucking delusional piece of shit, a pussy punk bitch, a grooming pedophile, and a coward. Like Keegan said, you're a fucking complete waste of oxygen. The damage has already been done, so do NOT even bother apologizing and if you do, I will NEVER accept it in the slightest. No wonder why Duncan had to break up with you (Duncan, if you're seeing this, you've made the right choice). I hope you permanently get off the internet and never come back ever again. Nobody cares about you and you will never earn anyone's respect anymore. Not even mine. You will always be unforgivable.

My last words before I move on from you: **fuck you, fuck your channel, fuck your videos, and fuck your socials**. I hope you get thrown in jail for what you've done. I suggest you better stay 100 feet away from me and everyone else. Goodbye forever.

Rj Kumar

Yep, i saw this shit coming, well well well... the kid who came crying to random people finally fell and scraped her knees trying to dig herself out of trouble she already caused herself. Cannot say i really am surprised. The pedophilia allegations being true i cannot say i saw coming. I always hated how childish you acted, and how bratty you act when you encounter people you do not like, any criticism that were made for you to reflect on and improve you would just toss away and then spit the constructor away like they were trash, you deserve everything that happened to you, and that will happen to you one day. Your parents should be disappointed in your act.

Rebel Shadow

I'd like to say one final thing and this one is directed at Roszina. This will be the last thing I'd say to her since I've lost all respect for her.

Roszina, despite the fact that I do not like you anymore nor do I think you should be on the internet, I do understand that you've been groomed by OfficerAPC, and I do feel bad about that. However, for everything that you have done, you have no one else to blame but yourself. I am hoping that one day you wake up, take a nice long look at yourself in the mirror and ask "What am I fucking doing with my life?". Face the music, you're very slowly but surely losing almost, if not, every shred of respect and support that you once had in this community.

And if this behavior continues, the amount of support you'd lose will become more gradual as time goes on and the only people you would have left would be Zach Mosley, along with those fucking cultists Jenna, and Emily, who probably doesn't even have your best interest in mind.

Your relationship with Duncan had been slowly deteriorating over time and it made me question how long it would take until the inevitable breakup (which happened last week). And trust me, I know that he's had his issues with you that he is afraid to address. And let's talk about the

elephant in the room, you have ruined your own life over CONSTRUCTIVE CRITICISM ON THE INTERNET! More importantly, you also allowed a pedophile to have access to the NSFW rooms in your own Discord server where there were minors in there as well.

Now, if you want my advice on what to do now that everything is coming to light about your true colors, I'd advise taking a break from the internet. Not for a few days, not even for a few weeks. I'm talking about MONTHS. And during those months, I'd advise you to speak with your family about everything you've been doing along with any therapist that you just so happen to see. Then a few months after you begin taking therapy, It would be strongly advised that you make a video apologizing for your actions. And I want you to admit all of your actions in full detail.

After you apologize, I would like for you to not bother anyone who was your former friend again since we no longer want anything to do with you. And I don't give a shit if any of this impacts your reputation, Roszina. You are a fucking adult and you shouldn't be acting like this. I'm literally 3 years younger than you, and I don't act like this. Now, before you point any fingers and say "Oh, these people are slandering me!", take a good look at those screenshots and know that you've brought everything on yourself.

Get fucked, Roszina. You worthless fucking coward.

svalxei_

Roszina, you fucking crackhead. I knew one day that you wouldn't be innocent, you called me a pedo over me liking Mina from Jelly Jamm, but the tables have literally turned on your sorry ass, and you wonder why you get no bitches, not even your supposed "fuckbuddy" Sora, who is actually a teenage character from the KH Saga. Karma literally bit your ass, granted leaking your e-mail back in December of 2021 was a dick move but looking back at it I guess you deserved it despite what I did was somewhat illegal, be thankful I didn't have your password, but it still doesn't mean you were innocent. Fuck you Roszina and I hope you rot in hell. ;)

TL;DR

Roszina Head is a sick, twisted, manipulative, perverted pedophile, a criminal and somebody who just shouldn't be trusted. AT ALL.

Any questions regarding the doc?

If you have any more info regarding Roszina Head, you can send them my way through email or through Discord. Anything that is deemed useful enough will be added into this article (likely on the Rentry link so that way anyone who's reading through either the Google Docs version or the PDF copy version can get updated on it).

By the way, **MR. IAN HEAD**, I know exactly what you're gonna try to do and it's not gonna work. Your attempts at getting Roszina's other vigilantes taken down did not work, and they never will work. So don't even bother trying to contact me or my dad about this and attempt to put the blame on me or ANY of the people involved in the creation of this very Google Doc, your daughter literally brought this shit onto herself.

You need to get her some serious fucking help.
